KEENE FAMILY YMCA DONORS HELP BUILD A BETTER US

In 2017 the Y is more committed than ever to continuing our work of strengthening communities, but we can't do it without you.

Your gift today will help the Y directly meet our community's needs—making sure children have a safe place to learn, grow, and thrive, connecting seniors to support and friendship, and helping families stay healthy and strong together.

Contributions to the Y are investments in the resources that keep us impactful and accessible.

Your gift will also help us foster a movement of kindness, inclusivity, and service—a development that is so desperately needed in communities across the country.

Now more than ever, we must continue to bring people together in service of a better us. **Together, we can make a difference. Please make a gift today.**
