SEPTEMBER 30, 2020

BASKETBALL AND RACQUETBALL PLAY RETURNS OCT. 5 AT KEENE FAMILY YMCA

AT ANY TIME, THE YMCA RESERVES THE RIGHT TO MOVE BACK A PHASE DEPENDING ON THE COVID-19 CASE TRENDS IN OUR COMMUNITY.

OUR SAFETY SCREEN FOR MAKING THIS DETERMINATION WILL BE BASED ON MULTIPLE CRITERIA, INCLUDING BUT NOT LIMITED TO THE FOLLOWING:

- **Culture of play by our members follows the YMCA, state and CDC intended safety protocols.**
- **If our city's Recreation Center should disallow basketball for COVID-related reasons, we will follow suit with a change in racquetball and basketball.**
- **If a COVID transmission or assumed transmission occurs within our Y we will determine its relevance to basketball and all our programming.**
- **Because the YMCA prioritizes the need for our community to have in-person school, we will use the school's set of metrics for determining safety of full, in-person school as a starting point. However, we will set a more conservative baseline so that our activities are less likely to contribute to our schools need to return to a hybrid school model. If our community transmission remains within the below guidelines and without a significant, sudden spike basketball and racquetball can continue:**
 - **COVID-19 PCR Test < 3%**
 - **Number of new infections per 100,000 over 14 days < 40**
 - **Number of new hospitalizations over 14 days < 10**
